

## FELT LIKE SHE WAS GOING TO SMOTHER

**Willamantic Woman Wishes She Had Known of Tanlac Two Years Ago—Troubles Overcome.**

"If I had only known of Tanlac two years ago I would have saved myself a world of suffering," said Mrs. George Morrison, residing at 335 High St., Willamantic, Conn.

Her stomach has been in an awful fix for two years. She suffered so bad from indigestion at times I could hardly eat. Everything I would eat caused gas to form in my stomach. I would eat up until I felt nearly smothered and my heart would beat like a steam hammer. My nerves were all unstrung for the past year and I could not sleep to do any good.

Almost immediately after I started taking Tanlac I began to improve. My appetite picked up and my food began to taste right and agree with me. I find I have gained several pounds. I feel lighter and am so much stronger and more energetic than I am like a different person. I make me so cheerful, and happy to know I am well again that I cannot say or do too much in praise of Tanlac.

Tanlac is sold in Norwich by National Drug Stores Corp. and Taffville Pharmacy and is plainfied by F. L. Merrier, Charles D. Clark, and J. C. Conn. Dearnley & Clark, Voluntown, Conn.

## REFUSAL OF \$500,000 LOAN TO GERMANY IS EXPECTED

London, Dec. 2. (By the A. P.)—Former German Minister of Reconstruction Rathenau is negotiating with Sir Robert Horne, chancellor of the exchequer, and with officials of the Bank of England for a loan of \$500,000,000 (\$500,000,000 at present exchange rates) to Germany. It was learned on high authority here today that it was understood Herr Rathenau would be given a definite answer today, which a high official said would probably be in the negative.

Although it had been agreed that Germany's payment of 1,000,000,000 marks (\$120,165,546) last August was to be divided between Belgium and England, France took advantage. It was said here that the clause in the agreement, under which payment had been made, to object to the division between Belgium and England, on the grounds that the expenses of maintenance of the army of occupation should first be paid, was a technical agreement was necessary to the actual handing over of the funds to the individual governments. France, it was asserted, thus balked over the actual distribution, and as a result the money is now in escrow.

Lord Curzon, the foreign secretary, a few days ago made this the basis of a note to France intimating that the British government desired to dispose of the matter.

The allocation of these funds and an agreement with regard to the apportionment of the January and February reparations instalments will be the topics to be discussed by Prime Minister Lloyd George and Premier Briand at a meeting of allied premiers which it is believed will be arranged within a short time. This subject, it is further declared, may result in the convening of the allied supreme council at an early date for arriving at a settlement of this point before the end of the year.

The ratification of such an agreement if one should be reached in the meantime.

**MEMORIAL UPON CONDITION OF LABOR IN PORTO RICO**

Washington, Dec. 2.—Santiago Iglesias, president of the Porto Rican Federation of Working Men, accompanied by President Gomper of the American Federation of Labor, called upon President Harding today to present a memorial upon the condition of labor on the island.

"We renew our petition that judicial and police abuses be not tolerated and that the workmen be guaranteed in their constitutional rights of meeting and organizing," the document said in part.

Incidental to its general purpose the memorial entered a denunciation of E. Mont Bally, governor of Porto Rico, now in Washington, whose administration has been criticized by union party leaders. His stand, the memorial said, was one of "uncompromising determination to demolish forever the propaganda of secession and independence."

**MUST CONFINE BEES TO PREMISES OF KEEPERS**

Kansas City, Mo., Dec. 2.—A bee has a right to roam at will, Judge Nelson E. Johnson ruled today in the hearing of an appeal in the case of Lee Cooley, fined \$50 in police court some time ago on the ground that he "harbored vicious bees."

The complaining witness asserted that one of Cooley's bees had stung a child and, Judge Johnson, after listening to testimony of bee experts, announced he was convinced that a bee could sting but once, and he held a city ordinance restricting the wanderings of bees was unconstitutional and ordered that Cooley's fine be remitted.

The National Apiary association had made a test case of the affair.
